

Land Knowledge Circles

WE WANT YOU!

Who knows the land? Who can speak for the land? Who cares for the land?

Talking Circles are an ancient way of building community. These events are to share first-hand observations of the land. **Farmers, hunters, anglers, beekeepers, gardeners, nature-lovers, loggers, hikers...bring your testimonies and stories.** These are grassroots efforts. Political agendas are counter-productive. These events are free of charge. Lunch provided. Limited seating. REGISTER early.
