

If you order 4 or less cards and choose "lettermail" as your shipping option the charge is \$1.06. If the total value of those 4 or less cards is over \$200 then shipping is free. So, divide your order into increments of 4 cards and reorder and you should be able to greatly reduce the shipping charges. It will take a couple of orders to fulfill your requirements but is worth the savings.

If you order 4 or less cards totalling \$200 or more, then shipping is free! Gift cards don't have to be for gifting.....there are many retailers on the list that you likely frequent anyways, so why not buy a gift card for your own personal use and help support a great cause.

The BCC would appreciate your participation and they thank you for your support.
