

Reducing Isolation for Seniors during COVID-19

Computers 101

COVID-19 has isolated everyone, especially seniors. These classes will help you navigate a computer and teach you new tricks. You are never too old to learn something new! You can do it! There is no cost!

We have the computers for you to learn on and senior volunteers to teach!

If you are **interested** in any of the classes listed, call the **Buckhorn Community Centre** and we will put you on the list. Classes will be held mid-week during the day. **705-657-8833**

What you will learn and practice

Intro to Computers - You must take this first

Two week session - 1.5 hours per class

- (we will be using BCC Chromebooks)
- Includes settings and programs

Intro to the Internet

Four week session - 1.5 hours per class

- Email, etiquette, attachments
 - Safety
- You Tube, browsing

Other future courses offered for the following categories

Face to Face with family and friends

Two week session - 1 hour per class

- Zoom, Skype or Google meet

Playing Games

Two week session - 1 hour per class

- Connect with friends and family on your computer to play games like: Scrabble, Euchre, Mahjong

Where volunteers make it happen!
